RICHMOND TERMINAL

The Terminal is the oldest newspaper in Richmond and has the confidence and support of pioneers.

Vol. XVII

RICHMOND, CALIFORNIA, FRIDAY, MAY 7, 1920

No. 19

Johnson Captures the California Delegation

Merritt Says Hoover Movement Is Just Starting

SAN FRANCISCO, May 8.—Ralph P. Merritt, campaign manager of the Hoover Republican Club of California, after reviewing the election returns, made the following statement:

"Johnson has captured the California delegation to the Chicago convention, but that will be the extent of his success."

"When it is considered that the Hoover campaign was of only four weeks' duration, and was made by inexperienced volunteers, we are more than gratified by the votes of the 160,000 Hoover republicans, who will not surrender their principles, but continue as republicans and win."

Collins Had to Cough Up \$25,000

Miss Lydia Hahn, a San Francisco candy store girl, was awarded \$25,000 Monday in a damage suit brought against Walter Collins, an auto tire salesman, who admitted he forced his way into the girl's room at a downtown hotel. The breach of promise suit for another \$25,000 was dropped.

Collins, admitting judgment, declared he believed the girl's claims were justified.

Favors Home Industry

O. J. Dahl, secretary of the building trades council of Richmond has asked the supervisors to see that local residents of the county be employed on highway work wherever possible.

Society Women Run Market For Starving Serbians

The society and club women of Berkeley made a big success of their Saturday market which was held in the college city for the benefit of the starving children of Serbia and northern France. Nearly \$3000 was realized from the sales, which will be sent for the relief of these needy people.

Berkeley Country Club

The Berkeley Country Club will hold its first meeting in Wheeler Hall on the university campus at 8 this p. m. Judge Robert Fitzgerald, president of the Claremont Country Club will speak. Water color sketches of the golf course and of the proposed clubhouse will be shown.

J. F. Brooks of Richmond is vice president of the club, and a number of Richmond business men are also members.

Permanent Liberties

A large invoice of Third Liberty bonds in permanent form has been received by the First National Bank of Richmond.

All holders of the Third bonds which were purchased during the war which have had the coupons clipped should present them immediately in exchange for permanent bonds. The permanent bonds are due in 1926.

Samuel J. Mathews, one of the best known printers of the state, for many years connected with the state printing office, is dead.

Paper Money Hard to Handle by Many Persons

While paper money or currency is not objectionable to carry, being light of weight and convenient, especially where one is plentifully provided with the "long green," still there is much of it lost, the most of it carelessly. The wind carries it away when it falls from the pocket or purse, and it is noiseless when it falls, not like the tinkling gold pieces of yore.

In making change one must be careful that the bills do not stick together. There are many objections to the "filthy lucre" which becomes somewhat unsanitary in its rounds as a medium of exchange.

It is estimated that hundreds of dollars are lost each day in the bay cities from the pockets and bags of shoppers. A Richmond tot playing on the sidewalk picked up a twenty dollar bill and carried it home to its mother, and then soon after repeated the performance. The mother could not find the owner, and was ahead \$40. Twenty dollars was picked up in a dance hall Saturday night, but an honest man found it and delivered it to the owner.

Protect the Road Signs and Save Gasoline

The California Automobile Association has spent much time and money to provide road signs for public service which have been installed along the state highway. Scores of these signs are destroyed each year by boys and hunters, the latter discharging their shotguns into the signs, obliterating the instructions to the tourist and causing him much inconvenience. These signs should be protected, and those who mutilate them should be amenable to the law.

Salvation Army Drive to Start May 10.

The Salvation army drive for \$6000, Contra Costa county's quota, will begin May 10 and end May 20. Richmond is to raise \$2500 of this amount, the Richmond Lodge of Elks conducting the drive, with C. E. Clark as general chairman. Judge Hiram E. Jacobs is manager of the county drive.

PERSONAL MENTION

Mr. and Mrs. V. Doyel and family of Richmond were the week-end guests of their uncle and aunt Mr. and Mrs. W. T. Kidd.—Modesto News.

Harry Curry of Richmond was here a few days ago visiting his uncle, I. Hyman.—Folsom Telegraph.

Boy's Death Was Accidental

The verdict of the coroner's jury in the case of Joseph Mello, the 7-year-old school boy who was drowned off the municipal wharf in Berkeley April 21, was that young Mello's death was an accident. The city council has recommended that all children be kept off the wharf unless accompanied by adults responsible for their safety.

Change in Banking Hours

The banks of Richmond instead of closing at the regular hours on paydays and subsequently opening again from 4 to 6, will keep open all day up to 4:30 p. m. This was necessary to conform to the changes of working hours at the refinery.

Park For Tourists Is Good Advertising Medium

A number of California cities are preparing to secure the advertising for their respective towns, and are doing it by accommodating the vacationists and motor parties by furnishing camping parks.

Marysville goes so far as to furnish gas for cooking purposes, which is paid for by consumers via the slot meter. Free water is furnished, and everything provided to make a good impression on the tourist, who goes away and tells of the good treatment given by the enterprising and thoughtful citizens.

Richmond could win some favorable mention by following the example of Marysville, Pacific Grove, Monterey, and other cities along the line of travel.

Appointed District Deputy President

Grand President James F. Hoey made a good selection when he appointed George Black deputy president of the Athens and Niles parlor of the Native Sons of the Golden West. Black is not only an expert groceryman, but a live native son, an active and honored member of an organization that put California on the map in the presidential "disturbance."

This and That

School bond election May 12.

What about that Fourth of July celebration?

Are you helping out the Salvation Army drive?

The municipal baths are coming up. Keep your eye on West Macdonald.

Parks and playgrounds are conspicuous by their absence in Richmond. This helps make Idora and Neptune paying investments.

We have duplications of everything in Richmond except federal buildings, community dance halls, Y. M. C. A. buildings, swimming pools and amusement places for the boys and girls.

We have no duplication of war gardens in Richmond. But we had the fever (a spasmodic attack) when the Huns were trying to step on our coat-tails.

With thousands of vacant lots in Richmond, and spuds at a nickel each, it looks like there was a colony of hookworms working overtime in this industrial center.

That big municipal wharf proposed for Berkeley looks good on paper, but Richmond already has the municipal wharf and the terminal railways. Richmond is always a little ahead.

East Richmond is a comer—in fact, East Richmond is there. It is a most desirable residential district, with the rolling topography, the fascinating perspective of land and water making one feel like a 2-year-old in a patch of clover. Property in East Richmond is increasing in value daily.

Glavinovich-Adair

Another June wedding has been announced to take place, that of Marshal Glavinovich and Miss Claire Adair. Miss Adair has been favored with a "shower" by her many friends, in advance of the June event.

Richmond May Raise City Employees Salaries

City Clerk H. C. Faris of Richmond has written the city hall asking information on salaries paid here now and the amounts the city expects to pay next year. The request gives rise to the rumor that Richmond is planning to raise the salaries of its city employees. Local employees of the city hall are wondering how Richmond, a city of only 16,000, can afford to pay larger salaries than Berkeley, a city four times its size.

At the present time the Richmond city clerk receives \$260 to Berkeley's city clerk's \$210.—Berkeley Gaz.

Sunday Schools Are in Session at Martinez

MARTINEZ, May 7.—The annual convention of the county Sunday schools closes tomorrow. Hundreds of young persons from the various schools in the county are present. A number of prominent speakers are here. The convention is being held in the attractive parlors of the Congregational church.

News From the Labor World

There are approximately 15,000 shipyard strikers out in San Francisco. They demand recognition of their union.

The tailors of San Francisco and other bay cities are demanding one dollar per hour for their services.

There are 250 switchmen out in San Francisco.

More than 2000 railroad workers are out in Detroit; Indianapolis has 2500 out in addition to a number of molders.

At St Paul 150 icemen are striking for \$1.35 an hour and 400 garment workers are out.

At Oklahoma 500 men are out on strike, most of whom are switchmen.

June Wedding Bells to Ring For Miss Veale

The announcements of June weddings are becoming numerous, and some of them will be notable affairs, according to illustrations and elaborate writeups in the bay city newspapers.

However, Contra Costa county claims distinction in the June bride program—that of the announcement of the marriage in June of Miss Leola Veale of Martinez to Earl M. Cole.

The bride to be is a daughter of Sheriff R. R. Veale, and is her father's secretary.

The lucky young man who won the attractive Martinez girl is from the Sunflower state (Kansas), was a soldier in the late war, and is now engaged in the oil industry for which his state is famous.

New Grill Room

Martin Dabovich, the well known restaurateur, will soon open his new grill room at 10th and Macdonald in the new Schapiro building. Mr. Schapiro constructed the first floor especially for a modern eating place. Martin Dabovich is assured of success in this attractive location.

Father Quirke will substitute for the Rev. P. H. Griffin while the latter is visiting in Ireland. Father Griffin expects to be absent three months.

Pupils Contest For Athletic Honors

Six Contra Costa High Schools to Compete For Honors

Tomorrow (Saturday) afternoon at the First and Bissell athletic grounds, six Contra Costa county high school athletic teams will compete for honors in a field and track meet.

Elaborate preparations have been made for this event, and a big crowd will be on hand to see the Richmond highs walk away with "first money."

Walter Meade is the referee, and all competitors will get an even break, as Walter's decisions are accurate and on the level.

RANDOM COMMENT

It is often said that California "beats the world" for everything—even for its having the biggest liars. Very well. Having the latter may be due to the statement of an editor hereabouts, who says he is eating new potatoes, peas, lettuce, beets and other garden truck, with frequent dishes of strawberries, all taken from his own garden. (What 'n' th' world has that scribe been smokin'?)

A Russian bath place is being installed two doors from The Terminal office. We're wondering if all the Bolsheviks are down on this end of Macdonald avenue, or whether it's on account of the baseball park being so near.

West Macdonald is coming up. Every business place is occupied and the future looks good for the west end of the city. It is nearest John D.'s works and the big transportation companies, including the deep harbor and tunnel, besides it is the logical center of Richmond. Watch out for something doing at this end of the avenue.

The subway will receive attention as soon as some of the other little improvements are attended to. You know, it is not good policy (politics) to crowd too many things into the hopper at once.

The Terminal is on file in all the public libraries in Contra Costa county and has hundreds of readers.

Lincoln School Win Field Meet Laurels Saturday

Seven hundred pupils from the various Richmond Schools took part in the inter-school field meet at the 23d street grounds Saturday afternoon. There were fully that number of spectators present, enthusiastic fans, eager to see the fray.

Grant school won first honors for deportment and appearance. Washington was a close second and Lincoln third.

Lincoln pupils won over their nearest competitors by 70 points in the field meet. The following is the result:

Lincoln school—Girls, 66; boys, 77 1-2; total, 143 1-2.
Washington school—Girls, 38 1-2; boys, 38; total 76 1-2.
Grant school—Girls, 38; boys, 33 1-2; total, 71 1-2.
Steger school—Girls, 28; boys 29; total, 57.
Fairmont school—Girls, 22; boys, 11; total, 33.
Peres school—Girls, 23 1-3; boy, 5; total, 28 1-2.
Nystrom school—Girls 0; boys, 1; total, 1.

Mrs. Stiver Is Elected School Trustee

Mrs. Myrtle A. Stiver was elected a member of the Richmond board of education Saturday by a handsome majority, receiving 184 votes more than her nearest competitor, J. P. Strom.

Mrs. Stiver is the first woman to be elected a member of the board of education of this city. That she was endorsed by the majority of the parents of the pupils of the city is verified by the large vote.

J. P. Strom was written in on the ballot, receiving 688 votes. Mrs. Stiver received 872.

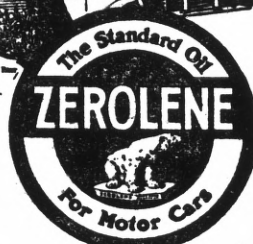

Thirty births were reported for the month of April.

Rainfall for the season to date is 40.27 inches.

The refinery baseball teams have started the twilight season at First street grounds with much jazz, and record crowds attend.

Quality and economy

A grade for each type of engine

You gain an advantage in the resources, experience, knowledge and equipment of the Standard Oil Company, which combine to make Zerolene. They insure a uniform product of quality. They create an efficiency in the manufacture of fine lubricants hard to duplicate elsewhere in the world.

Our Board of Lubrication Engineers has determined the correct consistency of Zerolene for your car. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. Get one for your car at your dealer's or our nearest station. Use Zerolene for Correct Lubrication.

For Tractors

There is a correct grade of Zerolene for your tractor. Get our booklet on its Correct Lubrication. Ask our Agent for a copy.

STANDARD OIL COMPANY (California)

E. N. TENBROOK, Special Agent, Richmond, Cal.

Capwells

OAKLAND CALIFORNIA

The Beauty of Cretonnes

Their brightness will transform the dreariest room into a cheery spot and lend an atmosphere restful and homelike.

They are the practical, appropriate drapery, harmonizing with any color scheme. They are made to reproduce tapestries, velvet and silken fabrics in heavy weight for living rooms or light weight fabrics for bedrooms. PRICES \$0c to \$20 yard.

—Third Floor

Lamp Shade Classes

Every Day Except Monday

We have the small boudoir frames and the larger frames for table and floor lamps.

New Cheney silks, silk tissues and taffetas in all widths and colors. Also silk fringes, gold galoons, fancy rosebud trimming and moss edges. Expert teacher in charge.

—Third Floor

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

NOW HE'S FOR SCOUT CAMPING

"Right here and now I take back anything I have said against winter camps," says William Heyliger, author of books known to all boys.

"For I have spent a day at the winter-camp maintained by the Boy Scouts of America at the Bear Mountain reservation, nine miles from Tuxedo. I went there when the mercury was hovering just above the zero mark."

"I found sixty Manhattan and Bronx scouts quartered in a log cabin with a roaring fire in an open fireplace in the center of the room. I found one gang of boys chopping wood and bringing it to the fire. I found another gang preparing the next meal. I found another gang building an outdoor cooking oven."

"I found another gang preparing to sleep that night where they had slept for two other nights out in the open under a lean-to. And I found every body just about having the time of their young lives."

"The reason why was not hard to find. They were dressed for this kind of weather—a wise man saw to that. And they were kept cheerfully occupied. The same wise man saw to that. Dress a boy warmly and turn his hands to something that he likes to do, and he'll laugh at all the zero weather in the world."

"A few years ago had any man suggested that boys should go into the mountains and camp during the winter he would have been laid away and put into a cell. But times have changed. We know more now about the virtues of outdoor life and we are building a sturdier group of boys."

THOUSANDS JOIN BOY SCOUTS.

Thousands of applications for associate membership in the national council continue to pour into the office of the Boy Scouts of America, 200 Fifth Avenue, New York, since boy scout week came to a close.

Checks ranging from \$1 to others running into several figures continue to pile up the results of the nationwide drive, which has already enlisted 1,000,000 men and women.

The new financial auxiliary thus created brings the total membership of the Boy Scouts of America up to a million and a half, which includes approximately 400,000 active scouts and 100,000 leaders.

Notwithstanding the tremendous size of this organization, it is conducted with a professional force of but 800 paid workers, mostly scout executive hired by the business men of the larger cities. The rest are volunteers, and according to James E. West, the chief scout executive, "they give from three to thirty hours a week to scouting, finding in the joy of the work alone more than sufficient compensation."

SCOUTING CURES LAWBREAKING.

"The constant reports of young men from sixteen to eighteen breaking the laws in various parts of the country seem to tell the story," and show that there must be an intensive campaign carried on to teach our young folks loyalty, patriotism and respect for the laws of their country," says Whitman E. Smith, who has recently taken up the work in Portland, Me., of a boy scout executive.

"From my experience in the work for the last four years, it seems to me that the community never had a greater need for the scout program for boys than it has today."

"I find in communities where no particular attempt has been made to give publicity to the work that people are awake to the possibilities of the scout program and believe that the future of the movement is greater than it has been since its inception."

Mr. Smith is the first scout executive to be employed in the state of Maine.

SCOUTS DETER "HICK WALKERS."

"Protect the 'jay-walkers' despite themselves," is the slogan adopted by the boy scouts of Philadelphia, who have been working in conjunction with the Rotary club in the "Cross at Crossings" campaign.

When the scouts covered the business part of the city in mass form several irate shoppers protested when advised for safety's sake to cross at the crossing. Despite the protests of the "jays" had "hick-walkers," Scout Executive Goodman said the scouts were determined to help that element.

Accounted For.

"I wonder why the poet asked his love to drink to him only with her eyes?"

"I suppose he saw them brimming over."—Baltimore American.

Rivals In Art

Friend-Dauber has been offered \$50 for that last picture of his.

Mr. Smiers—He must have had an expensive frame put on it.—Boston Transcript.

WOMEN GIVEN 1 TO 14 YEARS FOR PERJURY

Motion for New Trial Denied Mrs. Woodcock by Judge Ward

SAN FRANCISCO—Denying a motion for a new trial for Mrs. Alice Harris Woodcock, convicted of perjury, Judge Louis Ward sentenced Mrs. Woodcock to serve an indeterminate sentence of from one to fourteen years in San Quentin.

The murder charge pending against Mrs. Woodcock was dismissed by order of the court on motion by Assistant District Attorney I. M. Golden, who declared that in the face of the perjury conviction and the suffering already undergone by Mrs. Woodcock, the District Attorney's office felt that the ends of justice had been served and did not desire to push prosecution further.

A motion by Senator William Kehoe to admit Mrs. Woodcock to probation was also denied.

"I intend to do everything I can for Mrs. Alice Woodcock," said Judge Ward, "but this is not the time."

Golden also declared that he had assured Mrs. Woodcock's attorneys that he was satisfied that the conviction was sufficient to uphold the ends of justice, and that he would gladly assist in an effort to lighten Mrs. Woodcock's sentence.

A three-day stay of execution was granted to give time for formal preparations for the beginning of the sentence.

Mrs. Woodcock received her sentence composedly, with only slight traces of the emotion she showed during the trial. She was in court accompanied by her mother and sister.

With the sentencing of Alice Woodcock the famous case has now virtually passed into legal history unless the search for Edgar Woodcock, fugitive from justice, should result in his discovery. Following persistent rumors that Woodcock had fled to Canada, Chief of Police D. A. White and Captain of Detectives Duncan Matheson have issued for distribution among American and Canadian authorities thousands of circulars containing a picture and description of Woodcock.

Warren G. Cooper, associate of Woodcock on the night that Kelly was shot, and principal witness in both trials, is still facing a murder charge. No intimation has been given as to what will be done in his case.

JURY DECIDES MAN HAS RIGHT TO KEEP LIQUOR IN GARAGE.

SAN FRANCISCO—Chester Damico, possessor of five barrels and fifteen demijohns of wine and one barrel of beer, can continue to keep the liquor stored in his garage at the rear of his hotel at 3355 Mission street, according to a United States District Court jury decision.

Chauncey Tramuto, attorney for Damico, argued that Damico had a lawful right to store the liquor in the garage. Assistant United States Attorney Edward M. Leonard said Damico had violated the law.

Tramuto then said he had liquor stored in his own garage and defied the United States Attorney's office to seize it.

Leonard jumped to his feet and said: "Well, if that is the case, we shall see that a prohibition enforcement officer gets the liquor."

Judge Frank S. Dietrich, in instructing the jury, said that according to his interpretation Damico had violated the law.

The jury disregarded the instructions.

JERSEY COW MAKES RECORD PRODUCTION.

NEW YORK—A new champion Jersey cow will be proclaimed at the annual meeting of the American Jersey Cattle Club here on June 2, has been announced. The new champion fat-producer is "Plain Mary," whose record for one year of 1,040 pounds of fat breaks the record of "Vive La France."

A new record has also been made in the yearling class by "Lulu Alpha of Ashburn," producer of 8800 pounds of fat in a test begun at the age of 22 months.

NEGRO ESCAPES FROM PRESTON STATE SCHOOL.

IONE—J. Greene, negro, who escaped from the Preston School of Industry, is said to be hiding near Jackson valley.

"CHEER UP THE WORST IS YET TO COME."

CHICAGO—Sugar reached the highest price on record in Chicago April 29, according to commission men. A 1,000-pound lot sold for 31 cents a pound wholesale. Buyers attempted to buy more by offering 32 cents, but there was none for sale.

Painstaking Art

"How could you think of offering that waiter a mere 25 cent tip?"

"I am using the waiter as a model," answered Mr. Stormington Barnes. "My next role requires an intensely haughty facial expression."—Washington Star.

W. A. SLOANE GOES TO THE SUPREME BENCH

San Diego Jurist Raised to Vacancy Created by Death of Justice Melvin

SACRAMENTO—Governor William D. Stephens announced April 29 he had appointed W. A. Sloane of San Diego, now serving as an Associate Justice of Appellate Court No. 2, to the vacancy on the State Supreme bench created by the death of Assistant Justice Henry Melvin of Oakland.

To succeed Sloane on the Appellate bench, the Governor said he would appoint Superior Judge Dana R. Weller of Los Angeles.

Albert Lee Stephens, formerly City Attorney of Los Angeles, will be appointed to the Superior bench in succession to Judge Weller, the Governor announced. Stephens is not related to Governor Stephens.

Justice Sloane served on the Superior bench of San Diego county and was created an Appellate Justice by appointment of Governor Stephens on January, 1912. Judge Weller was appointed Superior Judge of Los Angeles county by the Governor in 1917, and in 1918 was elected to the full term.

The appointment of Justice Sloane to the Supreme bench holds until the next general State election.

BONUS OPPOSED BY U.S. CHAMBER OF COMMERCE

Californian Elected Vice-President for Western States by Body

ATLANTIC CITY, N. J.—The Chamber of Commerce of the United States at the closing session of its eighth annual convention here, April 29, went on record as favoring a "constructive Americanism," urged that a treaty of peace without further delay and adopted a resolution opposing a cash bonus for soldiers.

Announcement that a resolution had been prepared caused Franklin D'Olier, commander of the American Legion, to request a hearing before the committee. He conferred with the committee, after which it was reported the original resolution had been modified.

A resolution on constructive Americanism said: "It is essential that our Government should scrupulously refrain from entering any of the fields of transportation, communication, industry and commerce or any phase of business when it can be successfully undertaken and conducted by private enterprise."

Matthew Wolf, vice president of the American Federation of Labor, who addressed the convention, was interrupted by hisses and cries of "time" when he attacked the Kansas industrial law as an "amusing experiment."

Joseph H. Detreves of Chicago was elected president, succeeding Homer L. Ferguson of Newport News, Va. Maynard McFie, Los Angeles, was elected vice president for Western States.

"BLUEBEARD" AND "BLACK-BEARD" OF THE VIRGIN ISLANDS.

The lure of hidden treasure has always had a fascination for the average human being, and the U. S. Marines on duty in the Virgin Islands, latest U. S. Possession, are no exceptions.

"The two places of real interest in the Virgin Islands," says Sergeant W. McClaskey of the Marine Corps Recruiting Station, 320 Market street, San Francisco, "are the famous castles of 'Bluebeard' and 'Blackbeard,' two old buccaners. These castles are located on the sides of two peaks near Charlotte Amalie. Our Marines often busy themselves inspecting old battered and rusted chests buried in the ruins and surrounding jungles. Up to date no finds have been reported, but the Marines have hopes."

"Bluebeard" Edward Teach was a reality, as was his brother. These pirates sailed the seas and brought their spoils and wives from the Spanish Main to the castles, through the ruins of which the U. S. Marines are now tramping. To this day the islands fear the 'spooks' of the once feared 'devils' and will not go near the 'haunted' castles after dark.

"As many of his so-called wives had done at his own hand, 'Bluebeard' went to his death in 1718 at the end of a rope slung to a yard-arm."

The Usual Comment

In an infant school the teacher chose the miracle of the water being turned into wine as the subject of the usual Bible lesson.

In telling the story she occasionally asked a few questions. One of them was:

"When the new wine was brought to the governor of the feast, what did he say?"

A little girl, remembering what she heard, probably on some festive occasion, called out:

"Here's luck!"—Cleveland Plain-dealer.

Condensed California News

FOWLER—Fowler was represented in the Raisin Day parade by a high school float and six beautifully decorated automobiles portraying the spirit of democracy.

LINDSAY—James Condy was badly injured and his car completely wrecked when it collided with a freight train at the Hermosa street crossing early Tuesday morning, April 27. Clyde Sears, a boy, who was driving, escaped without injury, but Condy has a badly crushed arm and several broken ribs.

LINDSAY—The house occupied by S. E. Vian on the Camilla ranch was completely destroyed by fire on Wednesday evening, April 28. The blaze started in an unused room on the second floor, and was apparently caused by defective wiring. The house belonged to the Shoemaker Orchard Company. Most of the contents were saved.

COALINGA—The Coalinga band musicians met April 28 at the band room on E street, and formed a permanent organization to be known as the Coalinga Union Band. James Caine was elected president, Ed Petty, vice president and manager; H. M. Mason, secretary-treasurer; Will James, C. Pascoe and F. J. McCollum, trustees, and Marian Ellis, librarian.

REEDLEY—G. H. LaJoie, one of Reedley's prominent and prosperous fruit growers, and Mrs. Ida M. Hare, mother of Mrs. M. A. Farlong, were united in marriage at Los Angeles last week. Mr. and Mrs. LaJoie returned to Reedley for a few days, and then left for Long Beach, where they will spend the summer. In the fall they will return to Reedley when they plan to erect a fine home on residence property on Eleventh street.

SANGER—The boys of Sanger Post No. 23, American Legion, will give a big overall dance on Saturday night, May 8, at the Guild hall. No one will be allowed in the hall with a white collar on and if you have no overalls wear your old clothes. The best music has been engaged for this affair and the boys are making preparations for a big time.

HANFORD—That the list of delinquent tax payers in the county this year is smaller than the average of several years past, is the statement of County Tax Collector M. B. Washburn. While there are many who failed to make their payments inside the limited time, which ended Monday, April 26, at 6 o'clock, the list was materially decreased during the last week.

TAFT—A number of Taft men have arranged to give a benefit minstrel performance in Taft on May 18 for J. B. Williams of Taft, who has been ill for the past several weeks. Some of the real old time end men in previous minstrel performances on the west side will be seen on the stage and a show really worth while will be put on. Arrangements for the costumes have been made and nothing will be overlooked to make the benefit how a success.

MERCED—John G. Hilt, head of the history department of the Stockton high school department of the Stockton high school, addressed a Hoover rally April 29 in this city. He was accompanied by the Stockton high school quartet, which has sung at a number of meetings this spring. Hilt worked overseas in Hoover's outfit, and told something of his former executive's administration.

MODESTO—Jay Harrison Wagner of Fresno took out a marriage license to marry Tillie Pearl Wagner, his former wife here, one day after getting a final decree of divorce from her in a Butte county court. They applied to County Clerk Hugh Benson for a license, but were unable to tell him whether they had received a final decree of divorce, so they had to wait over until telegraphic word was received from Butte county. When Justice W. H. Rice united the pair after the license was obtained, they stated that Mr. Wagner had been married twice, and Mrs. Wagner had been married three times, twice to Mr. Wagner.

OAKDALE—Strawberry growers in the Oakdale section are alarmed over the sugar situation and unless something is done to remedy conditions a big part of the crop here may be allowed to go by the board. The last few days of hot weather has ripened the berries in quantities and shipments are now beginning. The growers declare that with the high cost of harvesting now, that they must have at least \$2.25 for a 16-quart crate, and with sugar at 25 cents per pound, this would mean an average cost of a quart of canned strawberries to be 85 cents to \$1, not counting the cost of fuel or labor of canning. Some of the strawberry men say that when the price of berries falls below the cost of productions they will stop picking and fruit men who have not contracted their fruit are also becoming alarmed over the sugar situation.

MADERA—The first of the 1920 crop of grapes to be sold in Madera was purchased by S. Canatella, local representative of the Bonner packing house of Fresno. Local grape growers have been offered 15 cents for their coming crop of raisins, but are not particularly anxious to sign up.

SAN FRANCISCO—A sentence of from 10 years to life imprisonment was imposed here on Dr. Frank Thomas, 72 years, following his conviction on a charge of murder in connection with the death of Rose White, a Vallejo girl. Miss White died as the result of an illegal operation, according to the evidence at Dr. Thomas' trial.

KERMAN—An airplane which was flying from San Francisco to Fresno, in attempting to make a landing here, struck a power wire just south of town and turned turtle. Neither the pilot nor the passenger was injured, and both of them boarded a train that was about to leave for Fresno and continued their journey in that way. The airplane was only injured in the wings and can be easily repaired.

MERCED—The "Own Your Own Home" week, planned by the Housing Committee of the Chamber of Commerce, has been postponed from the first week in May to the second week, owing to unavoidable delays in procuring window decorations which will accompany the campaign. Secretary Baker of the Chamber states that the movement will be ready to go forward at the newly stated time, and that results should be more marked on account of the delay.

MERCED—Twelve boys signed up for an agricultural club at the meeting of El Nido Farm center, held April 28, when Director F. A. Paul and Secretary Mrs. J. Flanagan conducted the program. Fay Batten, president of the Dos Palos farm center, with several of the boys from that center's "ag" club, was a visitor and spoke on boys' club work. R. N. Hagen, assistant state leader of boys' clubs, was also a speaker and told of the work being done throughout the state.

SANGER—The county speed cops made a flying trip to Sanger last week and as a result picked up ten violators of traffic laws. The following appeared before Justice C. W. Stevens, H. Nettler, F. E. Shafer, A. R. Khum, Clyde Lester, Dan Winter, D. Barsotti, A. Setrakian and George Harrison. The traffic policemen will make regular trips to this vicinity hereafter, as the picking seems to be good.

HANFORD—Following an operation performed at the local Sacred Heart Hospital, April 28, M. A. Sodenberg, agricultural instructor of the Dinuba high school, who was injured Monday night, April 2, in an automobile accident, is reported to be improving and hopes are held out for an early recovery. Warren Hilliard, 17-year-old Dinuba high school student, who was injured in the same accident, having suffered a broken collar bone, is also reported to be convalescent.

MADERA—Sheriff J. H. Barnett and Deputy Sheriff George Van Curran were called upon to administer to a number of Japanese at Sweetflower a little instruction in the etiquette of national flags. A camp of Japanese around Sweetflower schoolhouse had set up a tall flagpole from the top of which floated the Japanese flag—and nothing else. At the order of the officers the flag was hauled down and the Japanese were instructed in the future to fly the Stars and Stripes over their flag if they cared to use it at all. They announced their willingness to do so, and the incident was closed.

HARDWICK—A deed was filed in Hanford, Tuesday, April 27, wherein Corrie Verhule and wife transferred to Jan Dirk Van den Heuvel, a tract of land containing 32.85 acres. Mr. Van den Heuvel resold the place to D. A. Payton of Hanford. This place adjoins the Hardwick townsite and is known as Hampton fruit farm, it being the former home of Mr. and Mrs. H. S. Hampton, now of Bakersfield. Mr. Van den Heuvel will leave for an extensive trip to Holland. Mr. and Mrs. Virhuel have rented their dairy ranch for a year to T. Van Groninger, who will reside on the place while the Virhuel family visit a year with relatives in Holland.

LIKE A LEAF.

Underneath this greenery lies One unsullied to the skies, Like an earth sprite she was seen Nor sun nor shadow but between.

Shimmering through the leaves that spread

An umbrella overhead, Dipping, darting as birds do, Like them singing blithely too.

What had death to do with her Shining brightly without blur? An illumination brief * * * She has vanished like the leaf!

—Willis Steel, in New York Times.

Last Night's Dreams

—What They Mean

CONTRACTING PARTIES

THE contracting parties is a title given to young people who take each other for better or worse and are obliged by the law to sign an agreement that they will stand hitched.

The marriage contract is not written out in full like a farm lease or a life insurance policy, hence the contracting parties do not become fully acquainted with its provisions until the fine print until it has been in operation for some time. It is very easy for a husband to live up to the marriage contract so long as his wife is willing to provide for both and allow him to rest up. One reason why so many marriage contracts are shot full of holes within nine months after the officiating clergyman has been paid off is because

THE mystics are not entirely agreed as to the significance of a dream of the devil. Some declare that simply to see the devil in a dream signifies that you will be very fortunate in life; others that it is a warning of temptation. Still others declare it to signify that evil influences are at work against you and that you have false friends. These two latter ones may be accepted without discounting the first one; for a man may be very successful in life in spite of temptations and secret enemies.

Those mystics who put the worst construction upon a dream of the devil admit that if you dream that you are fighting him successfully good fortune awaits you. If you dream that he overcomes you, look out for dangers ahead. To dream of satan also is a sign that you will shortly go away from home for an extended period. To the maiden it means that her departure from home will be because of a happy marriage in all probability. But if it is not a happy marriage which takes her from home it will be some other pleasant or profitable occasion. But in any event remember: "Resist the devil and he will flee from you."

A dream of the devil often cited by the scientists is that of the famous Eighteenth century composer, Tartini. When he was only twenty-one years old Tartini dreamed that the devil suddenly stood before him. The idea occurred to him to hand satan his fiddle and see what he would do with it. To his surprise the devil took the fiddle and began to play a piece of inexpressible loveliness. Tartini was elated, transported, uplifted and awoke with the music still ringing in his ears. Seizing his violin he attempted to reproduce what he had heard. The result was "The Devil's Sonata" which has delighted so many generations. "It was the best thing I ever wrote," said Tartini in after years. "but, oh! how feeble, inadequate and inferior compared to the sonata I heard the devil play."

Some wives object to maintaining a rest resort for a calloused, slab-sided husband.

If more young people realized that married life under present conditions is something which should be tackled only after meditation and prayer, there would be fewer contracting parties ambling up to the ferns and smilax in pongee silk and the conventional black. The young man who takes a contract to support and provide with real food a husky and voracious bride, on \$25 per week, should step out and take a look at the price of process flour and beef liver before launching his bark on the matrimonial sea. There has been more seasickness among contracting parties who forgot to figure the grocery bill as a liability of the business, during the last few months, than ever before in the history of the world.

On the other hand, no young man and woman should refuse to become contracting parties if they have health, horse sense and are not afraid that they will be worn by work. There is nothing slier than married life, when both parties live up to the contract without trying to slip in a joker now and then.

Extreme Care.

"Old Pettybone is mad on the subject of prevention. What do you think he did the other day when he reproved that young fellow with a bulldog looking face and the latter made a biting retort?"

"What did he do?"

"Took the Pasteur treatment."

Heavy Odds.

"How did you happen to lose that case?"

"The preponderance of evidence was against us."

"Huh?"

"We had only two pretty witnesses and they had six."

DID YOU DREAM OF SATAN?

THE mystics are not entirely agreed as to the significance of a dream of the devil. Some declare that simply to see the devil in a dream signifies that you will be very fortunate in life; others that it is a warning of temptation. Still others declare it to signify that evil influences are at work against you and that you have false friends. These two latter ones may be accepted without discounting the first one; for a man may be very successful in life in spite of temptations and secret enemies.

Those mystics who put the worst construction upon a dream of the devil admit that if you dream that you are fighting him successfully good fortune awaits you. If you dream that he overcomes you, look out for dangers ahead. To dream of satan also is a sign that you will shortly go away from home for an extended period. To the maiden it means that her departure from home will be because of a happy marriage in all probability. But if it is not a happy marriage which takes her from home it will be some other pleasant or profitable occasion. But in any event remember: "Resist the devil and he will flee from you."

A dream of the devil often cited by the scientists is that of the famous Eighteenth century composer, Tartini. When he was only twenty-one years old Tartini dreamed that the devil suddenly stood before him. The idea occurred to him to hand satan his fiddle and see what he would do with it. When a man is as stubborn as a mule it is just as well not to talk behind his back.

I do not ask a hoard of gold, Nor treasures rich and rare; I don't want all the joys to hold, I only want a share.

Just now and then, away from men And all their haunts of pride, If I can steal, with rod and reel, I will be satisfied.

I'll gladly work my way through life, I would not always play; I only ask to quit the strife For an occasional day.

If I can sneak from toll a week To chum with stream and tree I'll fish away and smiling say That life's been good to me.

Something New Under the Sun at Last!
A Triumph of American Inventiveness
Master minds invented the telephone, the electric light, wireless telegraphy, etc., but now comes the **Sex-Detector**
Modern Times
the absolute annihilator of all previous scientific research. **THE SEX-DETECTOR**
Priceless as an Amusement Device
The **Sex-Detector** will be relegated to Oblivion
The **Sex-Detector** instantly determines the sex of humans or animals, whether dead or alive. A scientific discovery, the result of twelve years of patient research and experiment, now made public for the first time. Doctors are dumbfounded and students of anatomy are bewildered at the unflinching accuracy of this marvellous device. A wire can be passed through a keyhole into another room--the **sex-detector** will instantly indicate whether a man or woman is holding the other end.
It is unnecessary to describe in detail the many uses to which the **Sex-Detector** can be put, but the discerning will readily realize its far-reaching possibilities.
Each **Sex-Detector** is absolutely guaranteed to do everything that its inventor claims for it. The directions, which can instantly be followed by a child, must be observed.
We have letters from men of authority who have made tests with the **Sex-Detector** on file in our offices and are open to the public to be read.
Poultry men have found the **Sex-Detector** to be invaluable in testing of eggs.
A **SEX-DETECTOR** should be in every home and will last forever.
Sex-Detector Mailed Prepaid upon Receipt of \$2.00. Special prices on large quantities. Address--
Sex-Detector Laboratories
Office--910 Humboldt Bank Bldg. San Francisco, Cal.

NAME "BAYER" MEANS ASPIRIN IS GENUINE

For Pain, Colds, Neuralgia, Toothache, Headache

You want relief--quickly and safely! Then insist on "Bayer Tablets of Aspirin," stamped with the "Bayer Cross."

The name "Bayer" means you are getting genuine Aspirin prescribed by physicians for over eighteen years, and proved safe by millions of people.

For a few cents you can get a handy tin box of genuine "Bayer Tablets of Aspirin," containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacid.

Automobile Helped Roads.
Since the coming of the automobile the American roads have been much improved in many sections of the country.

Road Drag Quite Useful.
The road drag will not build a road but it will keep the road in shape after building.

New Science Developing.
Road building is developing a new science that calls for the highest engineering skill.

GOOD ROADS

ROADS SHOW AT HOT SPRINGS

Active Preparations and Arrangement of Programs Have Commenced--Other Meetings.

The eighth annual convention of the United States Good Roads association, also the eighth annual good roads show, will be held in Hot Springs, Ark., April 12 to 17, 1920. Already active preparations and arrangement of the programs have commenced. J. A. Rountree, director general of the United States Good Roads association, has been invited to Hot Springs, Ark., for the purpose of consulting with the Business Men's league, the mayor, the various civic organizations and citizens in general, to discuss the program and details of arranging good roads week in Hot Springs, Ark., next April.

It is proposed to make good roads week the greatest gathering of good roads boosters that have ever assembled in this country. Delegates will be in attendance from every state in the Union. Already more than forty governors have accepted life membership in the organization and are vice presidents of the same.

In connection with the organization the annual meeting of the Bankhead Highway, which is promoting a national highway from Washington to San Diego, Cal., the Albert Pike National Highway, which is promoting a highway from Pike's Peak to Kansas City, and a number of good roads organizations will hold meetings during good roads week in April.

One of the features of the convention will be a display of road machinery, road material, trucks, tractors and automobiles. Already six governors have notified Director General Rountree of their acceptance, and will head a large delegation from their respective states. It is expected to have at least twenty governors in attendance at this convention. Senator John H. Bankhead, who is president of the United States Good Roads association and author of the Bankhead federal aid bill of \$35,000,000 annually for the building of good roads throughout the country, is quite enthusiastic about this meeting and gives assurance that the governors will send heads of the various departments to the meeting.

PROVE VALUE OF GOOD ROADS
Cotton Growers Quick to Realize Commercial Worth of Improved Highways in Hauling.

Southern cotton growers have been quick to realize the commercial value of good roads. Money invested in scientific road building is well spent, as witness the illustration, where a single team is hauling 12 bales, about 6,000 pounds, to market. Under former

conditions, with mud hnd deep the year around, the same team could haul but one bale, and that only half as fast. Popular Mechanics Magazine.

PROGRESS IN FEDERAL ROADS
Total Mileage of Projects Approved in August Shows Increase Over Month of July.

(Prepared by the United States Department of Agriculture.)
An increase for August compared with July in the total mileage of federal aid project statements approved by the secretary of agriculture is shown in the latest report prepared by the bureau of public roads, the total for August being 1,246.92 miles as against 1,188.66 miles for July. The 125 project statements approved in August involved improvement at an estimated total cost of \$18,238,308.19, on which federal aid in the amount of \$7,171,704.84 was requested. The 148 project statements approved in July involved improvement of highways at a total estimated cost of \$19,012,480.85, on which federal aid to the amount of \$8,461,571.58 was requested.

Automobile Helped Roads.
Since the coming of the automobile the American roads have been much improved in many sections of the country.

Road Drag Quite Useful.
The road drag will not build a road but it will keep the road in shape after building.

ASK FOR "DIAMOND DYES"

Don't Buy a Poor Dye That Fades, Streaks or Ruins Material

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"--no other kind--then perfect results are guaranteed even if you have never dyed before. Druggist has color card.

IN TURQUOISE TOWN.
In Turquoise Town the trees are white,

The houses and the hedges, too; But shadows and the sky are blue And every bird is of that hue. Except the snowy owls at night.

Blue hyacinths and scyllas blow All summer through the sparkling snow.

The children wear blue elderdown For leggings and for little coats. With bands of swan around their throats.

The leading light of Turquoise Town, King Sirius, wears a sapphire crown.

He bids the sun go down at noon, For fear the world should be too bright.

And orders lovely Lady Moon To light her silver lamp instead; She gives each child a blue balloon To play with when it goes to bed.

They laugh out when the sun goes down In Turquoise Town--in Turquoise Town!

—Dorothy Leonard, in New York Times.

GOING CALLING.
When th' sun is warm in th' afternoon,

Dolly an' doggie an' me-- We likes to crawl through th' hedge, an' all

At somebody's house fer tea. I snuggle dolly up to my side, An' I hold to doggie's chain,

'Cause if there's a sound, there's somebody bound To make us stop an' explain!

'Cause folks--when they're grown-ups--keeps us home When we want most hard to play, An' they scold at us, an' they make a fuss,

'Cause they say we run away; So we tiptoe, quiet, over th' lawn, Dolly an' doggie an' me--

'Cause we likes to crawl through th' hedge an' all At somebody's house fer tea! —Margaret E. Sangster, in Christian Herald.

On a Squirrel
Now that in gorgeous polychromes The trees bobobob,

A workman in gray jumper rooms, About his job.

From sunrise he maintains top speed Till darkness lowers,

Nor ever thinks if he exceed Eight working hours.

So eager he to spot his spoils And promptly fob them,

He fails to ponder as he toils The labor problem.

His sense of honor's somewhat blunt. He goes and dines,

Nor ever bothers much to hunt "No trespassers" signs.

'Tis true, a chestnut to him is

Legal notices must be paid for on or before delivery of affidavit of publication. No exception to this rule.

HOW BOLSHIEVISM IS WORKED IN RUSSIA

Every male from 16 to 50 and every female from 16 to 45 must now register for work in Russia. Failure to register renders delinquent liable to internment in concentration camps. Workers will be assigned chiefly to mines, railroad construction work, iron and steel mills.

This experiment will be watched eagerly by all nations. It is a natural evolution of Russia's communistic form of government, a real fruition of Bolshevist principles. Bolshevism could wreck industry and live on accumulated savings of others for a while but the day of reckoning has come, and it is work or starve.

Not even in the Russia of the czars nor the Germany of the Hohenzollerns was such autocratic rule ever attempted.

And in the face of such a proceeding thousands of American workmen follow strike leaders who seek to establish a rule of this kind in America.

GOOD WAGES PAID IN LUMBER INDUSTRY

A table giving relative earnings per hour in eight industries, 1910 to 1919, on a basis of 100 per cent for 1913, published by bureau of labor statistics, Washington, D.C., shows that employees in lumber industry have received increases in earnings considerably in excess of the average for the eight industries, and in excess of the increase in the cost of living since 1913.

The average actual earnings per week of band sawyers in 1919 range from \$55.03 in Louisiana and \$54.98 in Oregon, to \$30.96 in West Virginia; the actual working hours per week of the first group being 58.1; of the second, 47.4 hours, and of the third, 48 hours. Those figures are based on returns from 141 establishments and 18,022 employees in practically every lumber state in the country and all months of the year.

WE MUST GET HIGHER YIELDS PER ACRE

At a time when the whole world is calling for sugar and yet more sugar, and when production is some millions of tons behind demand, the question of ways and means of increasing output is one that no sugar producer can afford to ignore. There are two possible means of bringing about this result. One is by bringing more acres under cultivation; the other is by obtaining a higher yield from the present acreage.

For years preceding the war American farmers plowed, planted and cultivated (after a fashion) two acres of land to obtain the same yield that Europeans were getting from one acre.

With the increasing farm labor shortage the farmers should strive to increase tonnage per acre planted.

Independent Bryan Clubs

When William Jennings Bryan arrives in California to attend the democratic convention in June he will be surprised at the number of active backers he has for his policies. The Commoner will no doubt feel honored by the action of the University students at Davis, where organization for the write-in vote has started. The farmers, church people and laboring classes are especially favorable to the Commoner, and will give him a royal welcome to the Golden State.

GOOD SITE

"Skies are very unlike men in one respect."
"What is that?"
"They are always bright when they're blue."

NOVEL AIRPLANE HANGAR.

A really satisfactory hangar for the protection of an airplane has not yet been developed. A novelty in this direction is, however, being experimented with in the shape of a canvas hut, which is erected by inflating like a football. It is a French conception, and it is claimed that an aviator may in this manner carry his own hangar with him. When it is deflated, this canvas hangar represents but a trifling weight and takes up but little space. It remains to be seen whether this is sufficiently sturdy to answer all the demands which will be made upon it.

STUDYING THE FUTURE.

"Baby has the head of a poet or an artist," exclaimed the fond mother.
"That's a poor outlook for earning capacity," said the fond father.
"Look at his hands and see if they don't show signs of his being able to put in a few hours a day as a plumber or a bricklayer."

WORDY DISCOURSE.

"Did you find Senator Twobble's speech on the League of Nations convincing?"
"Oh, yes."
"Then you agreed with his arguments?"
"Oh, no. He merely convinced me that for a man of his years he's terribly long winded."—Birmingham Age-Herald.

SERIOUS MATTER.

"Are you worried about what is to be done with the Turk?" asked the student of international politics.
"Not at all," replied Mr. Fanleigh. "I don't care whether the Turk remains in Europe or not, but there's some talk around this town of selling 'Spike' Miggles, the best pitcher we've got, to one of the big eastern teams. Now, that's my idea of something to worry about."—Birmingham Age-Herald.

SIMPLICITY ITSELF.

The mother was listening to stories of army life being told by her returned hero.
"How in the world did you ever learn to police company streets?" she asked.

"Easy enough," was the answer. "I just picked things up as I went along."—Home Sector.

NO GREAT DANGER.

"This hundred-rouble bill is not so artistic," said the boss of the Russian currency.
"Who will notice it?"
"Some artist."
"What artist will ever see one?"

NOTICE TO VOTERS

A new and complete Registration of Voters is required by law during the year 1920.
Every person entitled thereto must register thirty days before any election at which he or she desires to vote.
Registration for the purpose of voting at Municipal Elections for towns of the Sixth class, closes March 12th, 1920.

NOTICE OF SALE OF REAL ESTATE BY ADMINISTRATOR

In the Superior Court of the County of Stanislaus, State of California.

In the matter of the Estate of William J. Cecil, Deceased.
Notice is hereby given that in pursuance of Section 1517 of the Code of Civil Procedure of the State of California, as amended in 1919, in the matter of the Estate of William J. Cecil, deceased, the undersigned, the administrator to be, will sell at private sale to the highest bidder, upon the terms and conditions hereinafter mentioned subject to the confirmation of said court on or after the 12th day of May, 1920, all the right, title and interest in the real estate of William J. Cecil, deceased, at the time of his death, and all the right, title and interest that said estate has by operation of law, or otherwise acquired, other than, or in addition to that of said deceased at the time of his death, in and to all the real estate, situated in the County of Contra Costa, State of California, and particularly described as follows, to-wit:

Lots three (3), four (4) and five (5) in block one hundred seventy-seven (177) of WALL'S ADDITION TO RICHMOND.

Terms and conditions of sale, cash, in gold coin of the United States, ten per cent of the purchase money to be paid at the time of the sale, and the balance on confirmation of said sale. All bids or offers must be in writing and may be left at the offices of T. B. Scott, attorney for the administrator of said estate, 918 1/2 "P" Street, in the City of Modesto, County of Stanislaus, State of California, or may be delivered to Harry J. Wood, administrator of said estate, personally, or may be filed in the office of the Clerk of the Superior Court of the County of Stanislaus, State of California, to which return of sale is to be made, at any time after the first publication of this notice and before making the sale. The administrator deems it necessary to sell said real property not only to pay the debts, taxes and expenses of administration of said estate, but he deems it best to sell said land for the best interests of the estate and those interested therein and deems it to be for the best interest of said estate and those interested therein that said land be sold at private sale.

Dated this 14th day of April, 1920.
HARRY J. WOOD, Administrator of the Estate of William J. Cecil, deceased.
T. B. Scott, Attorney for Administrator.
First pub. April 23. Last May 7.

SHERIFF'S SALE

Thos. I. Jones, plaintiff, vs. Victor Medak, defendant, of the City and County of San Francisco, State of California.

Under and by virtue of a writ of execution, to me directed, issued out of the Superior Court of City and County of San Francisco, State of California, on the 20th day of April, 1920 in the above entitled action, wherein Thos. I. Jones recovered a Judgment in the Justice's Court of the City and County of San Francisco, State of California, against Victor Medak, and in abstract of said Judgment was filed in the office of the County Clerk of the City and County of San Francisco, and the Judgment docketed in Judgment Book of the Superior Court thereof on the 20th day of April, 1920, for the sum of \$250.00 principal and \$8.20 interest, Gold Coin, with interest at the rate of seven per cent per annum, and \$21.95 costs, and accruing costs in the sum of \$2.50, I have levied upon and taken under execution all the right, title and interest which the said Victor Medak had or held on April 20, A. D. 1920 or at anytime subsequent thereto, in and to all that certain lot, piece or parcel of land, lying and being in the County of Contra Costa, State of California, and described as follows: all that certain lot, piece or parcel of land situated in the "Ellis Landing Subdivision," City of Richmond, County of Contra Costa, State of California, and bounded and described as follows, to-wit:

Lot numbered Fifty-two (52), in Block numbered Fifteen (15), as delineated and designated upon that certain Map entitled "Map of Ellis Landing Subdivision, City of Richmond, Contra Costa County, California," filed on the eighth day of August, 1913, and "Amendment to Map of Ellis Landing Subdivision, filed August 8, 1913, City of Richmond, Contra Costa County, California," also filed in the office of the County Recorder of said County of Contra Costa, State of California, on the 28th day of October, 1913.

With the improvements thereon and the appurtenances thereto, standing of record in the name of Anna Medak.
Public notice is hereby given that on Tuesday the 25th day of May, A. D. 1920, at 11 o'clock a. m. of that day, in front of the Court House, in the town of Martinez, County of Contra Costa, State of California, I will sell all the right, title and interest which the said defendant, Victor Medak had or held on April 20th, 1920, the day on which said judgment was docketed as aforesaid, or which he may have subsequently acquired in and to the above described property, to the highest bidder for gold coin of the United States.

Dated Martinez, April 22nd, 1920.
R. R. VEALE, Sheriff.
C. W. EASTIN, Attorney for Plaintiff.
615 Pacific Bldg. San Francisco, Calif.
